

SPECIALIZED MANUFACTURER OF END-OF-LINE PACKAGING SYSTEMS

Discover Innova Group: over 25 years of expertise in packaging systems, driven by technological innovation and customer-focused adaptability

DISCOVER INNOVA GROUP: YOUR END-OF-LINE PACKAGING PARTNER

At Innova Group, we go beyond packaging—we create solutions that move your business forward. Since 2001, Innova Group has been a trusted partner in end-of-line packaging systems. As a **manufacturer with in-house design and engineering**, we develop and deliver advanced systems tailored to the specific needs of each project.

We don't just manufacture equipment; **we understand your challenges and design the most efficient solution for every project.** Thanks to our in-depth knowledge of all packaging technologies, we ensure the best choice for your product.

We supply both individual machines and complete packaging lines for palletized loads, providing full support throughout the project lifecycle—from engineering and manufacturing to installation, after-sales service, technical assistance, and beyond.

DRIVEN BY VALUES. FOCUSED ON YOUR SUCCESS:

ENGINEERING THE FUTURE OF PACKAGING

Continuous innovation powered by our expert R&D team

PEOPLE WHO MAKE THE DIFFERENCE

Expert teams committed to every project: from start to finish.

QUALITY YOU CAN TRUST

BREEAM® sustainability certified facilities and ISO 9001 & 14001 standards.
